Explain how the board of directors plans for the succession of the CEO/Managing Director/President and the top key management positions?

The Company's Board and the Board Remuneration and Leadership Development Committee are responsible for overall guidance and direction on succession planning and leadership development of the President/CEO and Senior Management. The Chairman of the Board and of the Remuneration and Leadership Committee, the President and CEO, working closely with the Head of Human Resources, drives the strategy for succession planning, leadership development and talent management. The Head of Human Resources develops and implements the processes and the tools to ensure robust pools of succession candidates for the President/CEO, Senior Management, Middle Management and First Line Management.

A key feature of the Company's succession planning process are the talent reviews that are conducted at Senior Management and at various levels in the organization. Currently, this has resulted in a pool of internal candidates, in addition to external candidates who, may be identified, and subject to the realization of their development plans, could become management committee level within the next 5 years.

The talent reviews have been a hallmark of our process and is a best in class talent management practice. The process deliverables are individual development plans designed to bring the key talent to their next level of growth and performance and/or realize their career aspirations. It involves authentic and extensive management discussions and deliberations by leaders of these key talents on their aspirations, strengths, development needs and challenges.

All of these have created a development mindset throughout the organization and have established a strong and robust leadership pipeline that will adequately meet the Company's senior leadership requirements well into the future.

3) OTHER EXECUTIVE, NON-EXECUTIVE AND INDEPENDENT DIRECTORS

Does the company have a policy of ensuring diversity of experience and background of directors in the board? Please explain.

YES. The Board, through the Nomination and Governance Committee (Nom&Gov), screens and shortlists qualified individuals nominated for election as Directors to ensure a mix of competent directors and officers. To encourage diversity, Board members are selected without regard to their gender, race, religion, or age, as stated in the Company's Revised Manual of Corporate Governance.

Does it ensure that at least one non-executive director has experience in the sector or industry the company belongs to? Please explain.

YES. The Company has a non-executive director who has had prior work experience in the sector or broad industry group to which the Company belongs. Ambassador Manuel M. Lopez was the Chairman, President and CEO of the Company in different periods from 2001 to 2010.

Provide the company's definition of "independence" and describe the company's compliance to the definition.

Independence is defined as having no business or other relationship with the Company that could reasonably be perceived to materially interfere with the exercise of independent director's judgment in carrying out his responsibilities as a director. Our independent directors, namely, Ret. Chief Justice Artemio V. Panganiban and Mr. Pedro E. Roxas have no business or other relationship with the Company which may interfere with the exercise of their judgment in carrying out their responsibilities as independent directors.

Does the company have a term limit of five consecutive years for independent directors? If after two years, the company wishes to bring back an independent director who had served for five years, does it limit the term for no more than four additional years? Please explain.

The Company's By-Laws states that the Board of Directors shall serve within the limits at the time provided by law, as may from time to time be determined or elected by stockholders of the corporation entitled to do so, at a regular or special meeting of such stockholders, at which a quorum shall be present. (d) State the company's reward/compensation policy that accounts for the performance of the company beyond short-term financial measures

To drive higher levels of employee performance, Meralco employs both short-term and long-term incentives in accordance with the following major principles and objectives: The main aim is to attract, retain and motivate Meralco's employees. The compensation philosophy of the Company is communicated to all employees.

The Company compensates employees based on Company, team, and individual performance to help achieve corporate goals and targets; provides for long term incentives such as pay based on Meralco Group's achievement of specified level of consolidated core net income approved by the Board and determined on an aggregate basis for a three year period as well as executives' attainment of a minimum level of performance rating. The Company provides for schemes that account for performance beyond short term financial measures such as the Employee Stock Purchase Plan (ESPP) and balanced scorecard schemes.

It also provides for short term incentives through variable pay to reward individual and team performance that contribute to the achievement of corporate goals and objectives. Short-term incentives such as Annual Performance-Based Bonuses (APB) are implemented to engage employees of Meralco to collaborate and work towards the achievement of corporate goals and targets.

Further, as part of Meralco's performance management process, employee performance is assessed on the basis of: (1) actual vs. desired results, and (2) how results were delivered in the light of corporate core values. Therefore, the achievement of financial and non-financial measures is reflected in performance planning and assessment, and this drives the Company's merit and incentive pay programs.

FOREWORD

Sound business ethics plays an integral part in fostering the success of a company. To ensure that the ethical values are preserved and promoted to all directors, officers and employees, our Company's Board of Directors approved the adoption of this Code of Ethics (the "Code"). This Code serves as the embodiment of our Company's unwavering dedication to uphold the fundamental corporate principles of fairness, accountability, integrity and transparency. It serves as a guide to our Company, its directors, officers and employees on how to conduct themselves in their decisions, transactions and interactions in alignment with these corporate principles when performing their respective duties and responsibilities.

The principles contained in this Code are not new or unfamiliar. In fact, they have been part of the life, tradition, heritage and culture of our Company during its more than 100 years of existence. They flow in the blood of every employee – "bahagi ng ating buhay ... sa araw at gabi, baha man o bagyo". The spirit of it all remains the same as ever - - *service excellence with integrity beyond business!* Hence, this Code serves as a renewal of our commitment to these principles as our Company moves forward and faces new challenges.

This Code is not intended to address all present or future ethical situations. Similarly, other matters or concerns which are not directly covered by this Code may have already been addressed in other existing company policies, standards, guidelines, procedures and codes.

Ultimately, everyone is enjoined to exercise sound judgment and to adhere to the letter and spirit behind this Code in their relationships among themselves, with our Company's customers, suppliers, business partners, competitors, government, regulators, creditors, stockholders and the general public.

We therefore commit to live and abide by the following ethical standards of behavior in our various business dealings:

I. Background

Pursuant to MERALCO's adherence to the corporate governance principles of fairness, accountability, integrity, and transparency, this policy is issued to define the Company's standing policy on Gifts, as aligned with MERALCO's Revised Manual of Corporate Governance and Revised Code of Ethics.

MERALCO's Revised Code of Ethics restricts the solicitation or acceptance of gifts in any form from a third person or entity, directly or indirectly in consideration of any act, omission, or transaction of our Company favorable to such third person or entity with existing or intended business dealings with our Company.

II. Rationale

Gift-giving is part of the Filipino culture of doing business to enhance good business relationships. However, Directors, Officers, and Employees must be aware that other parties may use this custom of gift-giving as means to gain favors or influence the objectivity of said Directors, Officers, and Employees. Thus, there is a need to properly regulate the receiving of gifts consistent with the abovementioned policies without prejudice to maintaining efficient, friendly, and cordial relations with Third Party entities. This serves as a guide for handling gifts offered and given by third parties.

As such, we do not solicit and accept gifts from Third Party entities.

In cases when solicitation and acceptance of gifts cannot be avoided, handling of such cases should conform to the rules and procedures prescribed in this document, which is also in accordance with the corporate governance principles of fairness, accountability, integrity, and transparency.

IV. Scope and Applicability

Code on Right Employee Conduct

August 1, 2012

MESSAGE

Dear Fellow Employees,

This is the first time after 36 years that a revision was undertaken to shift the paradigm of discipline to a positive mechanism applicable to today's work and regulatory environment. The original Code was issued on January 13, 1973 and was reissued on January 1, 1976. I have the privilege of presenting to you the updated version of our Company Code on Employee Discipline, which we will now call our Code on Right Employee Conduct (COREC).

Our Company considers correct and proper employee conduct as the basic thrust in achieving our corporate objectives and as a means in the furtherance of good corporate governance and personal development. It likewise encourages adherence to our corporate values, namely:

- 1. Customer Service*
- 2. Performance*
- 3. Accountability and Empowerment*
- 4. Integrity and Transparency*
- 5. Teamwork and Collegiality*
- 6. Malasakit*
- 7. Makabayan*

Innovation and safety, although unwritten, remains as core values that should be inherent in our culture.

Know this book by heart and let it be our guide to proper employee behavior as we continue to move forward for the success of our Company.

OSCAR S. REYES
President & CEO

GUIDING PRINCIPLES

This Code shall apply to all employees in the active payroll of the Manila Electric Company.

While we have endeavored to make this Code comprehensive, it cannot cover every situation related to employee conduct. In some cases, we must use our judgment in the appropriateness of its application. You may also consult your Supervisor/Office Manager or the responsible HR office if there are uncertainties.

Our Company is a public utility responsible for vital public interests; therefore, we must observe honesty and good faith in the performance of our duties and in our dealings with the stakeholders of the Company.

This Code basically contains the corrective aspect of an employee’s conduct, which is derived from our Corporate Governance Manual and Code of Ethics. It also subsumes and, is in effect, correlated with the Safety Code and the Information Security Code.

The Code on Right Employee Conduct further stresses that our company safeguards confidential information and we are under serious obligation at all times to maintain its sanctity.

In the course of our employment, conflict situations and/or associations should be avoided because the same might impair our ability to perform work in the Company’s best interest.

Lastly, but equally important, it shall be the responsibility of Office Managers and Supervisors to disseminate Company policies, procedures, rules and regulations to employees under their supervision.
