

Victor L. Risma IV

Head, Private Sector Relationship Management

Whether it's moving people, products, or information, Vicoy has plenty of familiarity with helping customers get their businesses going. As Head of the Corporate Business Group's Private Sector Relationship Management, he ensures all the team leads, including 36 relationship managers, continue to provide Meralco's key corporate customers with the information and expertise needed to succeed in today's challenging business environment.

It's a role for which he has been preparing for over two decades having held several leadership roles within the Meralco group. Previously, Vicoy had been designated the Retail Competition Open-Access (RCOA) Champion for the Corporate Business Group-Private Sector, liaising between contestable customers and different departments within Meralco. Prior to this, he was part of a select technical team assigned to work in Nigeria with Meralco's distribution utility venture, developing and implementing customer services operations for Yola Electricity Distribution Company. His efforts have placed him among the top 6 percent executives in the 2015 edition of *Nigerian Top Executives in the Security & Facilities Services*

An Electrical Engineering graduate from the Mapua Institute of Technology, Victor also completed his Masters in Business Administration at De La Salle University.
